### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rand Bateman on 2/7/05.

The application has been amended as follows:

In the claims:

In claim 32 line 1, "11" was changed to -29--.

### *Allowable Subject Matter*

Claims 21,23-29 and 31-43 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to teach an enterostomy device that includes, *inter alia*, a retaining member comprising a skirt of flexible material encircling a second end of a stoma tube and attaching the second end to an inflating ring (claims 21 and 29). The prior art also fails to teach a method of delivery fluids to a patient that includes, *inter alia*, either a retaining member being initially housed within the stoma tube for deployment and initiating ejection of the retaining member from the stoma tube (claim 33) or rotating the port hub to selectively provide access to the opening in the stoma tube and the inflation line (claim 37). The prior art also fails to teach a catheter for delivery fluids into a human body that includes, *inter alia*, a port hub having a

rotatable opening and selectively disposed in communication with the stoma tube and the inflation line for selectively delivering fluids therethrough (claims 39 and 41).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
